

Production Laborer

Job Description:

Perform all tasks involved in the production of Bobak Sausage Company products. This includes processing of fresh meats, sausage, and all other products. Follow standard work methods and practice safe work habits to ensure production is as efficient and safe as possible

- Operate the stuffer that forces the meat mix into casings to make meat products: linked sausages, frankfurters, and wieners
- Sort, grade, weigh, and inspect products, verifying and adjusting product weight or measurement to meet product specifications.
- Shovel meat emulsion into cylinder
- Slide casing over discharge nozzle and moves lever to discharge emulsion into casing
- Observe machine operations to ensure quality and conformity of filled or packaged products to standards
- Supervise the production line, watching for problems such as pile-ups, jams, or glue that isn't sticking properly.
- Regulate machine flow, speed, or temperature.
- Adjust machine components and machine tension and pressure according to size or processing angle of product.
- Notify supervisor of any mechanical or material issues
- Maintain a clean and safe work area
- Performs other related duties and assignments as required

Requirements:

- High School Diploma or Equivalent Work Experience
- Standing position
- Cold working conditions (40F)
- Fast pace environment
- Must be able to lift up to 50 lbs
- Ability to freely access all areas of the department
- The position requires performing basic math.
